

CONCRETE REHABILITATION PROGRAM

NOTICE

April 11, 2017

Dear Resident:

Weather dependent work on the 2017 Concrete Rehabilitation Program will begin on April 17, 2017. Schroeder & Schroeder, the concrete contractor for the Village, is scheduled to begin concrete repairs on various streets throughout the Village. The first phase is to complete to alleys located off South Broadway and Chase Avenue. This work will remove the entire pavement and replace it with new concrete. Sidewalk ramps will also be replaced as necessary to make them ADA compliant. Once the work has started, vehicle access to the alleys will be closed for approximately two weeks.

All homeowners will receive parking passes prior to construction. The passes will be valid until the conclusion of construction. Construction activities are always weather dependent so the schedule may change. If work is unable to proceed as planned, another newsletter will provide the revised schedule.

If you have any questions regarding this project, please contact Ray Hoving, Civil Engineering Technician at (630) 620-3598 or email hovingr@villageoflombard.org. You may receive updates via email or text message by signing up for Notify Me. This free service can be accessed at www.villageoflombard.org/notifyme.

Thank you,

Village of Lombard
